Will Brink is pretty much renowned in bodybuilding circles as the supplement guru, his writings are in hard back and magazines all over the world. He has had a column in Musclemag for years and contributes nearly every month to Muscular Development.

The title 'Muscle Building Nutrition' , is a little misleading as that's only half of this book, as although it contains his tried and tested mass gaining/bodybuilding diet , that he has taught to pro bodybuilders, natural athletes, golfers and many other star athletes , it also contains reviews on over 30 bodybuilding supplements, including creatine, prohormones, whey , casein, ZMA etc.

Not only that there is a huge chapter devoting to training for mass by renowned training guru Charles Poliquin. More details from the link at the end of this quick review.

On top of that, when you buy this ebook you also get access to a **private members forum** which has thousands of members on it who are able to help you with your questions. Will Brink himself, Charles Staley, Byran Haycock & Charles Poliquin are all found on this forum with thousands of like minded individuals.

Not only that, the forum has over 250 brand name supplements reviewed by over 5000 members and comes with it's own rating system that members vote on, giving each supplement a rating out of 5.

It also comes with access to a **private members zone** area, with exclusive

articles from people like Charles Staley, Tom Venuto, Lee Labrada, Will Brink, Byran Haycock, Lorraine Rosa, Milos Sarcev. Not to mention an online meal planning software tool which, if your a little lazy and don't want to work out the diet by reading it from the ebook does everything for you, based on the calculations in the ebook, you just enter all your details and it then lays out all your meals in a table format, tells you your daily calories, protein, fats and carbs etc, lets you either print it or you can tell the system to email you with it all, amazing.

The members zone also incoudes Diet Planning software which lets you keep a record of all the food you have eaten, tells you when your undereating, overeating, calculates your macronutrient split, a fantastic tool and used by many of the more professional members who actually enter contests and must keep a proper record of their food and supplement intake.

Strongly suggest you take a look at the website and check out the screen shots of some of the extras you get.

# Chocolate Banana Protein Bars - 8 Bars

### INGREDIENTS

300 g raw banana

1 tsp ground cinnamon

2 tbsp unsweetened cocoa powder

3 large chicken egg whites raw

4 oz non fat milk

200g 100% whole grain old fashioned oatmeal

1/3 cup splenda

1 tbsp Udo's choice oil blend

60 g Designer Whey Chocolate flavour ( or equivalent brand)

### DIRECTIONS

Mix ingredients in a large mixing bowl. Pour into non stick cake pan. Bake at 300 for 25 minutes or until firm, leave until cooled slightly then cut to size. We have made these into 8 small bars, but you could easily make into 4 larger ones, with double the protein , so around 23g protein per bar.

If you don't want the fat replace the Udo's oil with unsweetened applesauce. It will taste just as good and still retain the moist but firm texture.

6 egg whites

100 grams raw mushrooms

1/4 cup long dry brown uncooked rice

1/4 cup pace chunky salsa

2 tbsp naturall brewed soy sauce lite

Steam the broccoli to the desired texture. I like it firm and can barely pierce it with a fork. In a pan coated with cooking spray, add soy sauce, chopped onion, sliced mushrooms, steamed broccoli, chopped celery and spinach. Cook on medium heat until spinach is cooked. Add rice and simmer until the soy sauce has cooked away. Once all the ingredients are cooked add in the 6 egg whites and stir until the eggs are completely cooked. Top with picante sauce.

## Whole Oat Flax Loaf (12 Servings)

### INGREDIENTS

1 3/4 cups Water 1 3/4 cup  
1 tbsp Bakers Yeast  
1 tbsp raw honey  
2 tsp sea salt  
2 tbsp milk, non fat, dry - regular  
2 tbsp Udos choice  
4 cups whole oat flour  
1/4 cup flax seed fresh ground

### DIRECTIONS

Dissolve yeast in warm water, Add honey, salt, milk powder, oil and 2 cups whole oat flour. Stir well. Add ground flax seed and remaining flour. Knead on lightly floured surface until smooth and elastic. Shape and put in oiled loaf pan. Let rise until doubled in bulk. Bake at 350F for 45 to 50 minutes until done.

Alternatively, if you have a bread machine, use bread machine yeast and just follow the general bread making instructions for your machine. With mine you just mix the ingredients as instructed in the machine, allow to allow to rise and then let the machine do the rest.

This is an excellent bread to use for dipping oils. I use equal parts extra virgin olive, flax oil and garlic and herb spices. This is fantastic with the bread fresh from the oven (or machine).

### INGREDIENTS

2 scoops VPX Micellean Protein or Snytrax Isomatrix or equivalent casein/whey blend

50 grams of quaker rolled oats

1/2 tbsp Udo's choice oil or flax seed oil (7grams)

### DIRECTIONS

Simply add all the ingredients to blender and blend thoroughly for around 30 seconds. This home made MRP, is superior to the maltodextrin filled off the shelf MRP's and has the distinct advantage of being highly adjustable depending on your current diet and/or macronutrient requirements. The addition of a banana adds additional carbs and texture if required. The protein sources used are whey/micellar casein blends which offer a slow and fast acting protein ideal for general day to day use.

We used IsoPure here mostly because I had some. Sub with your favorite chocolate protein powder and adjust the number accordingly. Mix the pb and honey in a bowl, microwave on full for 100 secs. Add the rest and mix together. This is tough to mix and it takes time. If you don't have the tools you may want to cut the oatmeal a bit to make it easier to work. Preheat oven to 320 deg. Smooth into 13x9 tray bake for 20 minutes. Oven times may vary, use the toothpick test. Cut into 20 equal bars and wrap and store in fridge. ## Tuna & Cheese Melts

### INGREDIENTS

6 ounce can of tuna

1 egg white (stirred beaten)

2 tablespoons of oatmeal (USA tablespoons, UK you need 4 TS)

2 TS of diced onion

1/4 teaspoon of garlic powder

2 tsp of mozzarella

Some salt and pepper

### DIRECTIONS

Throw all the ingredients (except the mozzarella) into a bowl. Heat the pan, spray with non stick spray (you can use olive oil if you want). Make 2 patties by just dumping half the mixture into each pile and sort of shape it much as you want to. Cook one side until brown (not long) then turn , when the second side is nearly done, sprinkle cheese over it. (I have used plain old cheddar cheese instead of Mozeralla and it still works fine, but Mozeralla seems better. Place under grill for about 1 minute tops to melt the cheese. You can then serve with your choice of carbs, potatoes, oven chips/fries etc or a just a good salad
